The LEAP Study

LGBTQ+ Inclusive Home
Care Provision for Older
People

We are looking to interview
LGBTQ+ people age
60+ years who have recent
or current experiences of
receiving home care in
England or Wales.

We are a research team in England and Wales who want to know more about **the home care experiences of LGBTQ+ people who are 60 years and older**. There are two ways you can take part.

1) Participate in an interview. The conversation (in English or Welsh) will last about 1 hour. We can meet in person (in your home/nearby location) or online. People taking part in interviews will receive a £20 high street store voucher.

2) Write us a letter about your experiences. You can tell us what it's been like to have care workers in your home, whether you have shared your LGBTQ+ identity with them, or anything else. The length is up to you. If you tell us your name and address/ email, we'll write back to you (also up to you).

 **Post letters to:**
Shannon O'Rourke
The Registry,
University of Kent
Canterbury CT2 7NZ

 **Scan the QR code or visit:**
